This compendium of background is prepared by the Ministry and placed in the Library at the time of First Reading for use of the Members who may then use the material as background, and to familiarize themselves with the nature of the legislation. This is a sensible and simple process we would recommend for the consideration of the present Ministry in Ontario".

## NOTICES

### PRIVATE MEMBER'S MOTIONS TABLED ON JUNE 27th, 1977

*(Private Members' Motions other than for amendments to  
Government Orders, will be published on the Notice Paper each Thursday.)*

1. *Di Santo*—Resolution—That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned and occupied by persons 65 years and over, in accordance with its election commitment in the "Charter of Ontario" "to reduce the municipal tax burden on senior citizens".
  2. *Mr. Swart*—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full inquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular: 1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government. 2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments. 3. The perceived and actual public accountability of the regional systems. 4. Alternative methods to the full-fledged two-tier system of local government.

## NOTICES

### PRIVATE MEMBERS' MOTIONS

1. *Mr. Di Santo*—Resolution—That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned and occupied by persons 65 years and over, in accordance with its election commitment in the "Charter of Ontario" to reduce the municipal tax burden on senior citizens".
2. *Mr. Swart*—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full inquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular: 1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government. 2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments. 3. The perceived and actual public accountability of the regional systems. 4. Alternative methods to the full-fledged two-tier system of local government.
3. *Mr. Walker*—Resolution—That in the opinion of this House the Government should bring forward legislation to enact a "sunset law" for all regulatory agencies in order that the House may periodically review, in a meaningful way, the continuing need for such agencies.
4. *Mr. Walker*—Resolution—That in the opinion of the House the Government should implement Zero-Based Budgeting.
5. *Mr. MacDonald*—Resolution—That in the opinion of this House public hearings under The Environmental Assessment Act on the proposed Darlington Generation Station should proceed forthwith. *To be debated November 3rd, 1977.*
6. *Mr. Nixon*—Resolution—That in the opinion of this House the Government should establish an emergency relief fund using a portion of lottery revenues to provide loan and grant assistance to individuals and communities subject to extraordinary expenditure due to natural disaster, and that the assistance be payable through municipalities or by the Ministry of Northern Affairs in the unorganized parts of Ontario.
7. *Mr. Smith (Hamilton West)*—Resolution—That, in addition to the authority granted to the Standing Procedural Affairs Committee for this Parliament by resolution of the Assembly dated June 28, 1977, the Committee have authority to review the operation of any Board, Agency or Commission to which the Government of Ontario appoints

all or some of the members with a view to eliminating redundancy and overlapping. And that the Committee may recommend upon completion of a review that a Board, Agency or Commission be terminated where, (a) the costs of operating the Board, Agency or Commission no longer justify the service being provided to the public; (b) the amalgamation of the Board, Agency or Commission with one or more existing Boards, Agencies or Commissions would increase administrative effectiveness; (c) the work of the Board, Agency or Commission could be better performed by another government organization; (d) the Board, Agency or Commission no longer serves the public interest. And that the Committee shall establish a review schedule whereby the operations of every Board, Agency or Commission would be examined at least once in the next four years. But that the fact that a Board, Agency or Commission is scheduled for review shall not prevent the Committee from reviewing it at any time that the Committee considers appropriate. And that the Committee shall be empowered to send for persons, papers and things pursuant to section 35 of The Legislative Assembly Act. *To be debated November 3rd, 1977.*

### PRIVATE MEMBERS' MOTIONS

1. *Mr. Di Santo*—Resolution—That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned and occupied by persons 65 years and over, in accordance with its election commitment in the "Charter of Ontario" to reduce the municipal tax burden on senior citizens".
2. *Mr. Swart*—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full inquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular: 1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government. 2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments. 3. The perceived and actual public accountability of the regional systems. 4. Alternative methods to the full-fledged two-tier system of local government.
3. *Mr. Walker*—Resolution—That in the opinion of this House the Government should bring forward legislation to enact a "sunset law" for all regulatory agencies in order that the House may periodically review, in a meaningful way, the continuing need for such agencies.
4. *Mr. Walker*—Resolution—That in the opinion of the House the Government should implement Zero-Based Budgeting.

5. *Mr. MacDonald*—Resolution—That in the opinion of this House public hearings under The Environmental Assessment Act on the proposed Darlington Generation Station should proceed forthwith. *To be debated November 3rd, 1977.*

  7. *Mr. Smith* (Hamilton West)—Resolution—That, in addition to the authority granted to the Standing Procedural Affairs Committee for this Parliament by resolution of the Assembly dated June 28, 1977, the Committee have authority to review the operation of any Board, Agency or Commission to which the Government of Ontario appoints all or some of the members with a view to eliminating redundancy and overlapping. And that the Committee may recommend upon completion of a review that a Board, Agency or Commission be terminated where, (a) the costs of operating the Board, Agency or Commission no longer justify the service being provided to the public; (b) the amalgamation of the Board, Agency or Commission with one or more existing Boards, Agencies or Commissions would increase administrative effectiveness; (c) the work of the Board, Agency or Commission could be better performed by another government organization; (d) the Board, Agency or Commission no longer serves the public interest. And that the Committee shall establish a review schedule whereby the operations of every Board, Agency or Commission would be examined at least once in the next four years. But that the fact that a Board, Agency or Commission is scheduled for review shall not prevent the Committee from reviewing it at any time that the Committee considers appropriate. ## NOTICES

### PRIVATE MEMBERS' MOTIONS

1. *Mr. Di Santo*—Resolution—That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned and occupied by persons 65 years and over, in accordance with its election commitment in the "Charter of Ontario" to reduce the municipal tax burden on senior citizens".
2. *Mr. Swart*—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full inquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular: 1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government. 2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments. 3. The perceived and actual public accountability of the regional systems. 4. Alternative methods to the full-fledged two-tier system of local government.
3. *Mr. Walker*—Resolution—That in the opinion of this House the Government should bring forward legislation to enact a "sunset law" for all regulatory agencies in order that the House may periodically review, in a meaningful way, the continuing need for such agencies.
4. *Mr. Walker*—Resolution—That in the opinion of the House the Government should implement Zero-Based Budgeting.

5. *Mr. MacDonald*—Resolution—That in the opinion of this House public hearings under The Environmental Assessment Act on the proposed Darlington Generation Station should proceed forthwith. *To be debated November 3rd, 1977.*
6. *Mr. Nixon*—Resolution—That in the opinion of this House the Government should establish an emergency relief fund using a portion of lottery revenues to provide loan and grant assistance to individuals and communities subject to extraordinary expenditure due to natural disaster, and that the assistance be payable through municipalities or by the Ministry of Northern Affairs in the unorganized parts of Ontario.
7. *Mr. Smith (Hamilton West)*—Resolution—That, in addition to the authority granted to the Standing Procedural Affairs Committee for this Parliament by resolution of the Assembly dated June 28, 1977, the Committee have authority to review the operation of any Board, Agency or Commission to which the Government of Ontario appoints all or some of the members with a view to eliminating redundancy and overlapping. And that the Committee may recommend upon completion of a review that a Board, Agency or Commission be terminated where, (a) the costs of operating the Board, Agency or Commission no longer justify the service being provided to the public; (b) the amalgamation of the Board, Agency or Commission with one or more existing Boards, Agencies or Commissions would increase administrative effectiveness; (c) the work of the Board, Agency or Commission could be better performed by another government organization; (d) the Board, Agency or Commission no longer serves the public interest. And that the Committee shall establish a review schedule whereby the operations of every Board, Agency or Commission would be examined at least once in the next four years. But that the fact that a Board, Agency or Commission is scheduled for review shall not prevent the Committee from reviewing it at any time that the Committee considers appropriate. And that the Committee shall be empowered to send for persons, papers and things pursuant to section 35 of The Legislative Assembly Act. *To be debated November 3rd, 1977.*
8. *Mr. MacDonald*—Notice of Amendment—That the Private Members' Resolution of Mr. Smith (Hamilton West) to be debated November 3rd, 1977 be amended by adding thereto: And that the committee shall have the authority to engage such counsel and other personnel as the committee deems appropriate.

## NOTICES

*(Private Members' Motions, other than those directly related to Government Orders, will be published on the Notice Paper each Thursday.)*

11. *Mr. Germa*—Motion under Standing Order 87 (i)—That the Government of Ontario has had before it numerous reports with recommendations that deal with the orderly planning of resource industries and resource industry communities in Northern Ontario, and had been unable or unwilling to develop a viable strategy based on these recommendations; and as the lack of such a strategy has been primarily responsible for the current economic problems in the Sudbury basin; and as more than two weeks have now passed since the announced layoffs at International Nickel Company and the government has failed to produce any initiatives to deal with the proposed layoff of 2800 persons and the adverse effect this will have not only on the economy of Sudbury but on employment in other service and consumer areas; therefore, this government does not enjoy the confidence of the House.
12. *Mr. Laughren*—Reasoned Amendment—That the motion for Second Reading of Bill 70, An Act respecting the Occupational Health and Occupational Safety of Workers be amended by deleting all the words after "That" and substituting therefor the words:—"this Bill be not now read a second time but be referred back to the government to have incorporated therein: 1. mandatory health and safety committees with authority to implement change and with access to all relevant information. 2. extended coverage for workers not now protected by the Act. 3. protection of workers from harmful substances in the workplace by: (i) pre-testing all such substances before their introduction; (ii) ensuring that workers are fully informed about all harmful substances to which they may be exposed. 4. the right to refuse unsafe work free from intimidation and disciplinary action. AND FURTHER, that the regulations be tabled by the time of reintroduction in order that those affected may assess the extent and strength of the standards, guidelines and directions contained therein".

## NOTICES

### PRIVATE MEMBERS' MOTIONS

1. *Withdrawn November 3rd, 1977.*
2. *Mr. Swart*—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full inquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular: 1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government. 2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments. 3. The perceived and actual public accountability of the regional systems. 4. Alternative methods to the full-fledged two-tier system of local government.
3. *Mr. Walker*—Resolution—That in the opinion of this House the Government should bring forward legislation to enact a "sunset law" for all regulatory agencies in order that the House may periodically review, in a meaningful way, the continuing need for such agencies.
4. *Mr. Walker*—Resolution—That in the opinion of the House the Government should implement Zero-Based Budgeting.
6. *Mr. Nixon*—Resolution—That in the opinion of this House the Government should establish an emergency relief fund using a portion of lottery revenues to provide loan and grant assistance to individuals and communities subject to extraordinary expenditure due to natural disaster, and that the assistance be payable through municipalities or by the Ministry of Northern Affairs in the unorganized parts of Ontario.
9. *Mr. Di Santo*—Resolution—That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned

10. *Mr. Kennedy*—Resolution—That in the opinion of this House, an electronic Hansard, similar to that in the House of Commons of Canada be installed in this House and be operated by Mr. Speaker.
12. *Mr. Laughren*—Reasoned Amendment—That the motion for Second Reading of Bill 70, An Act respecting the Occupational Health and Occupational Safety of Workers be amended by deleting all the words after "That" and substituting therefor the words:—"this Bill be not now read a second time but be referred back to the government to have incorporated therein: 1. mandatory health and safety committees with authority to implement change and with access to all relevant information. 2. extended coverage for workers not now protected by the Act. 3. protection of workers from harmful substances in the workplace by: (i) pre-testing all such substances before their introduction; (ii) ensuring that workers are fully informed about all harmful substances to which they may be exposed. 4. the right to refuse unsafe work free from intimidation and disciplinary action. 1. *Withdrawn November 3rd, 1977.*
2. *Mr. Swart—Resolution—That, in the opinion of this House, there now being some form of regional government covering more than sixty per cent of the population of Ontario and independent review studies of three regional governments completed or nearing completion, the General Government Committee of the House should be authorized to conduct, by itself or through a subcommittee, a full inquiry into the costs and benefits of the Ontario regional government system generally, and without limiting the generality of the foregoing, to examine in particular:*
  1. The costs of providing various municipal services to residents of communities inside regional governments compared with the costs in communities outside regional government.
  2. The degree of duplication, overlap, bureaucracy, and redundancy in inter-municipal and municipal-provincial relationships of regional versus non-regional local governments.
  3. The perceived and actual public accountability of the regional systems.
  4. Alternative methods to the full-fledged two-tier system of local government.
3. *Mr. Walker—Resolution—That in the opinion of this House the Government should bring forward legislation to enact a "sunset law" for all regulatory agencies in order that the House may periodically review, in a meaningful way, the continuing need for such agencies.*

6. *Mr. Nixon—Resolution—That in the opinion of this House the Government should establish an emergency relief fund using a portion of lottery revenues to provide loan and grant assistance to individuals and communities subject to extraordinary expenditure due to natural disaster, and that the assistance be payable through municipalities or by the Ministry of Northern Affairs in the unorganized parts of Ontario.*
9. *Mr. Di Santo—Resolution—That in the opinion of this House, the Government should give immediate consideration to legislation which would exempt from school board levies the residential property owned*

AND FURTHER, that the regulations be tabled by the time of reintroduction in order that those affected may assess the extent and strength of the standards, guidelines and directions contained therein".
  13. *Mr. Cunningham*—Resolution—That in the opinion of this House, in keeping with the Government's commitment to decentralize authority for waste management and waste disposal from the provincial to the municipal level of government, the Government of Ontario should recognize its responsibility to initiate programs to facilitate the exchange of information and expertise between municipal governments and those provincial governmental organizations responsible for the study and implementation of waste management and resource recovery systems, and that the Government of Ontario co-ordinate the activities of existing programs and personnel within the Ministry of the Environment to assume a position of leadership in the provision of technical and financial assistance to those municipal governments wishing to establish waste management and resource recovery systems.
